Executive Summary i

HCRTP: 2003 State Survey 1

I. Introduction and Methodology 1
Health Care Reform Tracking Project 1
Methodology of the Tracking Project 2
State Surveys 2
Impact Analyses 3
Study of Promising Approaches 3
Consensus Conference 3
Methodology of the 2003 State Survey 4
Survey Development 4
Survey Distribution and Follow-Up 5
Survey Analysis and Report Development 5

II. General Information about State Managed Care Systems 6
Extent of Managed Care Activity 6
2003 State Sample 8
Focus and Design of Managed Care Activity 21
Stage of Implementation 23
Inclusion of Substance Abuse Services 24
Parity Between Physical Health and Behavioral Health Services 25
Goals of Managed Care Systems 26
Lead Agency Responsibility 26
Involvement of Key Stakeholders 27
Planning for Special Populations 29
Education and Training in Managed Care for Stakeholders 30

III. Populations Covered by Managed Care Systems 31

IV. Managed Care Entities 34
Types of Managed Care Organizations (MCOs) Used 34
Use of Multiple Managed Care Organizations 35
Training and Education for Managed Care Organizations 36

V. Service Coverage and Capacity 38
Coverage of Acute and Extended Care Services 38
Other Systems with Resources and Responsibility for Extended Care 39
Coverage of Behavioral Health Services in Managed Care Systems 40
Coverage of Home and Community-Based Services 45
Home and Community-Based Service Capacity 46
Flexible/Individualized Care 49
Services to Young Children and Their Families 50
Evidence-Based Practices 51

VI. Special Provisions for Youth with Serious and Complex Behavioral Health Needs 53
Incorporation of Special Provisions for High-Need Populations 53
Types of Special Provisions 54
Case Management/Care Coordination for Children with Serious and Complex Behavioral Health Needs 56
Support and Facilitation of Systems of Care 57

VII. **Financing and Risk** 60
Agency Financing Sources for Managed Care Systems 60
Types of Revenue Used to Finance Managed Care Systems 61
Use of Medicaid Outside of Managed Care Systems 66
Cost Shifting 67
Clarification of Responsibility Across Child-Serving Systems 68
Use of Risk-Based Financing 69
Rate Changes and Sufficiency Assessments 74
Required Allocation of a Percentage of the Rate to Behavioral Health 75
Use of Risk Adjusted Rates and Other Risk Adjustment Mechanisms 75
Risk Sharing 77
Limits on MCO Profits and Administrative Costs 78
MCO Performance Incentives 79

VIII. **Clinical Decision Making and Management Mechanisms** 91
Medical Necessity Criteria 91
Level of Care and Patient Placement Criteria 92
Management Mechanisms 84

IX. **Access** 87
Initial Access to Behavioral Health Services 87
Access to Extended Care 87
Access to Inpatient Services 88

X. **Service Coordination** 92
Coordination of Physical Health and Behavioral Health Services 92
Coordination of Mental Health and Substance Abuse Services 93
Coordination Between Mental Health and Child Welfare Systems 94
Interagency Coordination Among Child Serving Systems 95

XI. **Early Identification and Intervention** 96

XII. **Cultural Competence** 100
Cultural Competence Strategies 100
Specific Planning and Data Analysis for Culturally Diverse Populations 100
Requirements for Cultural Competence 101
Inclusion of Culturally Diverse Providers 101

XIII. **Family Involvement** 103
Family Involvement Strategies 103
Requirements for Family Involvement 104
Family Involvement at the System Management Level 105
Family Involvement at the Service Delivery Level 106
Family Involvement in Service Planning 106
Extent of Family Focus of Services 106
Practice of Relinquishing Custody to Obtain Services 107
Program and Staff Roles for Families and Youth 108

XIV. **Providers** 109
Provider Inclusion and Exclusion 109
Certification and Credentialing Requirements 110
Administrative Burden of Providers 111
Financial Viability of Providers 112
Provider Reimbursement Rates 112
Closures or Severe Financial Hardship 113
Capacity of Front-line Practitioners 113
XV. **Accountability** 115
Availability of Data for Managed Care Decision Making 115
Types of Performance Information Tracked 116
Quality Measurement 119
Measurement of Clinical and Functional Outcomes 120
Measurement of Satisfaction 121
Child and Adolescent Focus in Formal Evaluations 122
Impact of Managed Care on System Performance 122
XVI. **General Update** 125
Effects of Current Fiscal Climate 125
Perceived Success in Achieving Managed Care Goals 127
Future Plans for Managed Behavioral Health Care 128

Child Welfare Special Analysis 129

I. **Introduction** 129
Background and Purpose of the Child Welfare Component 129
Methodology of the Child Welfare Component 130
State Surveys 130
Impact Analyses 131
Promising Approaches 131
Consensus Conference 132
II. **Results of the 2003 State Survey** 133
Inclusion of Children in the Child Welfare System in Behavioral Health Managed Care Systems 133
Involvement of Child Welfare Stakeholders in Planning, Implementing and Refining Behavioral Health Managed Care Systems 134
Discrete Planning for Children in the Child Welfare System 134
Special Provisions for Children in the Child Welfare System 134
Mental Health Screening for Children Entering State Custody 135
Education and Training 136
Service Coverage in Behavioral Health Managed Care Systems 137
Financing 138
Funding Sources for Behavioral Health Managed Care 138
Use of Medicaid Outside of Managed Care Systems 138
Cost Shifting 139
